About Precision Global Conferences

Precision Global Conferences (PGC) stands as a trusted leader in international scientific and industry event management, with a proven track record of delivering over thirty world-class conferences across premier innovation hubs in the United States, Europe, and Asia — including Singapore, Miami, San Francisco, Boston, Barcelona, Paris, and Thailand. We specialize in creating high-impact platforms that unite life science innovators, leading researchers, distinguished industry experts, and forward-thinking technology companies under one roof.

Welcome Message

Here is my welcome for AWC, 2026 Miami:

Ladies and gentlemen, honored colleagues, and brave mariners,

Today, you stand at the threshold of a remarkable journey—a hero's voyage. Like explorers venturing into uncharted waters, you are about to confront one of the most daunting challenges of our time: addiction. This is your call to adventure, a moment to step into the unknown with courage, curiosity, and purpose.

The story of addiction is woven with complexity, resilience, and hope. It has tested communities worldwide, demanding innovative solutions and unwavering dedication. Just as every hero faces trials, so too does our collective quest to forge new pathways—through groundbreaking research, revolutionary treatments, and cross-cultural collaboration.

And what better setting than the beautiful seaside city of Miami? With its shimmering waters and vibrant energy, Miami offers the perfect backdrop for transformation and new beginnings. Here, amidst beauty and inspiration, we gather to ignite ideas that will ripple across the globe.

The Addiction World Conference 2026 is more than a gathering; it is the start of a new chapter. Mariners and navigation experts in addiction science unite with a shared vision to turn despair into hope, science into action, and barriers into bridges. Here, you will explore the latest advances—biomarkers, genetic interventions, AI care—and collaborate across disciplines to craft holistic solutions.

This is your moment. Your journey begins now. Let us step forward boldly and forge a future where hope triumphs over despair.

Welcome to AWC 2026 in beautiful Miami, where heroes and heroines rise to shape the future.

Nile Stanley, Ph.D.

AWC, 2026, Organizing Committee
Associate Professor of Literacy Education
Editorial Board Member, Journal of Poetry Therapy
University of North Florida, Jacksonville

About Exhibitor

Protect Outcomes Transform Lives

Support Client Health and Wellness with Best-in-Class Alcohol Monitoring

- **Why Choose Soberlink**

We invest significant resources to ensure we are the most reliable solution for remote alcohol monitoring. Here's why reliability matters and how Soberlink stands above the rest:

- **Unmatched Experience & Trust**

With over 15 years of experience and hundreds of thousands of clients, no other system has our level of expertise and proven track record.

- **FDA-Cleared for Superior Accuracy**

Soberlink is the only system that is FDA-cleared, meaning we meet higher standards and strict quality controls that uncertified systems simply don't.

- **Verified Chain of Custody**

Our Facial Recognition and embedded camera confirm the identity of every test. Other systems can be tricked using a second device, making them unreliable because the Chain of Custody can't be 100% confirmed.

- **Dedicated In-House Support & Compliance Team**

Soberlink offers expert evaluations on drinking events and tamper attempts as needed, serving clinicians with the highest standards.

About Exhibitor

Stoked On Life Palm Beach

Stoked On Life Palm Beach (SOL) is a nonprofit organization founded by Allison Bishop-Berner, LCSW, dedicated to promoting, providing, and researching aquatic and Blue Health–based interventions to improve mental health and support recovery from substance use disorders.

Based in Palm Beach County, Florida, SOL is an evidence-based organization with published research examining the impact of its Blue Health programming. SOL integrates evidence-informed behavioral health practices with therapeutic experiences in and around water, including surfing, paddleboarding, swimming, and other aquatic activities.

Through partnerships with treatment centers, veterans' organizations, behavioral health providers, and community agencies, SOL provides accessible Blue Health programming while advancing research, professional education, and Blue Health certification. Its mission is to expand access to innovative, nature-based approaches to mental health and recovery while continuing to build the evidence base for Blue Health as an adjunctive behavioral health intervention.

Our Organizing Committee Members

Carla Retroz Marques
Coimbra University Hospital, Portugal

Nile Stanley
Associate Professor of Literacy
Education, University of North Florida,
USA

Yoav Suprun
Senior Faculty McKenzie Institute,
USA

Peng Xu
Drug Intelligence and Forensic Center
Ministry of Public Security National
Narcotics Laboratory, China

**Esperanza Esguerra
Wagner**
Mayo Clinic, USA

Bankole A. Johnson
Physician, USA

Our Keynote Speakers

**Carla Retroz-
Marques**
Coimbra University Hospital, Portugal

Scott D. Brown
Nova Southeastern University, USA

Yoav Suprun
Author, TEDx Speaker, Orthopaedic
Clinical Specialist, USA

Jeffrey Gudín
Department of Pain and Palliative
Medicine, Miller School of Medicine,
University of Miami, USA

Barry Reiman
Recovery Unplugged Behavioral Health, USA

**Buyandelger
Batsaikhan**
Translational Gerontology Branch,
National Institute on Aging, Baltimore,
USA

**Michael Frost and
Ashley Potts**
Wayspring, USA

Peng Xu
Senior researcher, Drug Intelligence
and Forensic Center, Ministry of
Public Security; National Narcotics
Laboratory (NNL), China

Bogdan Cernat
Department of Neurovascular
Diseases, University Hospital
Tuebingen

Cameron Lundstrom
NAS Recovery Solutions, USA

Mark G. Astor
Astor Simovitch Law, USA

**Allison Bishop
Berner**
Stoked on Life Palm Beach, USA

Ben Mushlin
Searchlight Therapy, USA

Linda Lundstrom
NAS Recovery Solutions, USA

FINAL PROGRAM

Timing is as per Eastern Time (ET)

DAY 1 - In-Person Presentations

08:00-08:30 **Registrations** **Moderator: Catarina Retroz Marques**

08:30-09:00 **Opening Ceremony and Introduction**

Keynote Presentations

09:00-09:30 **Title : Multimodal Protocol including a Tunnelled Epidural Catheter an analgesic alternative in Refractory Ischaemic Lower limb Ulcers.**

Carla Retroz Marques, Coimbra University Hospital, Portugal

09:30-10:00 **Title : Affective Challenges and Substance Abuse The Potential Relationship According to Substance Abusers**

Scott D. Brown, Nova Southeastern University, USA

10:00-10:30 **Title : Prevention Strategies For Sciatica and Cervical Radiculopathy**

Yoav Suprun, Senior Faculty, McKenzie Institute, USA

10:30-11:00 **Title : Autonomic Regulation via Dermal Vibrotactile Triggering of Piezoelectric Channels: An Emerging Non-Medication Approach to Symptom Relief**

Jeffrey Gudin, University of Miami, USA

11:00-11:20

Group Photo
Coffee Break

Oral Presentations

11:20-11:40 **Title : Cultural Mediation in Ecotherapy from a Neuroscientific and Psychological Perspective**

Visnja Bandalo, University of Zagreb, Faculty of Humanities and Social Sciences, Croatia

11:40-12:00 **Title : A Quantum Inspired Hybrid 3D Convolutional Neural Network with Variational Circuit Emulation for Robust Neuroimaging Diagnosis**

Andre Vieira: QNeuroAI, USA

12:00-12:20 **Title : The Usefulness of the Narrative Efficiency Score for Assessing Micro- and Macrolinguistic Impairments in Persons with Aphasia and with Right Hemisphere Damage**

Andrea Marini, University of Udine, Italy

12:20-12:40 **Title : Hemiplegic Migraine Disguising as Acute Ischemic Stroke: A Rare Complexity of Migraines**

Saqib Rangoonwala, Mercy Catholic Medical Center, USA

12:40-01:00 **Title : Ocular Migraine Masquerading as Hypertensive Emergency: A Diagnostic Complexity**

Sanjana Aggarwal, Mercy Catholic Medical Center, USA

01:00-01:40

Lunch @ Lobby

Keynote Presentations

01:40-02:10	Title : Blue Health Recovery: A Mixed Methods Pilot Study of Aquatic Therapy for Psychological Well Being in Co-Occurring Disorders Allison Bishop Berner, Stoked on Life Palm Beach, USA
02:10-02:40	Title : Cereblon-Dependent and Independent Mechanisms of a Novel Pomalidomide Analog on Immunomodulation and Neuroprotection in In Vitro and In Vivo Inflammatory Models Buyandelger Batsaikhan, National Institute on Aging, USA
02:40-03:10	Title : Navigating Changes in the Evolving Drug Supply Michael Frost & Ashley Potts, Wayspring, USA
03:10-03:40	Title : Abuse Risk Assessment of New Psychoactive Substances in China Peng Xu, Drug Intelligence and Forensic Center Ministry of Public Security National Narcotics Laboratory, China

Oral Presentations

03:40-04:00	Title 1: The Role of Biomarkers in the Early Detection of Alzheimer's Disease Title 2: Epigenetic Therapies as Emerging Strategies for Drug-Resistant Epilepsy Andressa Palomino dos Santos, University- Centro Universitário do Planalto Central Aparecido dos Santos (UNICEPLAC), Brazil
04:00-04:20	Title: An Integrated Treatment Model for International Addiction Patients in Mallorca: Combining Evidence-Based Medicine, Ketamine-Assisted Treatment and 24-Hour Continuing Care Manuel Taschin, Clinica Es Castell, Spain
04:20-04:40	Coffee Break @ Lobby
04:40-05:00	Title : Early-Onset Neurodegenerative Phenotype in Xeroderma Pigmentosum Type A: A Two-Family Case Series from Saudi Arabia Razan Alkhatib, King Fahad Military Medical Complex, Saudi Arabia
05:00-05:20	Title : Long Term Neuropsychiatric Outcomes After Subarachnoid Hemorrhage The Amplifying Role of Delayed Cerebral Ischemia in Dementia Epilepsy and Mood Disorders A 5 Year Cohort Study Mina Ghayour, UT Health San Antonio, USA
05:20-05:40	Title : Global Trends in Tinnitus Pathology Research: A Bibliometric Analysis (1977-2025) Selena Ming Shen, Future Physicians of America, USA
05:40-06:00	Title 1 :Neuropsychological Impacts of Psychoactive Substance Use in Medical Students: A Mental Health Vulnerability Title 2 : Frontolimbic Circuit Dysregulation and Psychiatric Manifestations in Borderline Personality Disorder Ana Julia Melo Safe, Centro Universitario do Planalto Central Aparecido dos Santos (UNICEPLAC), Brazil

FINAL PROGRAM

06:00-06:20	Title : Exposure to Plant Protection Products and the Risk of Neurodegenerative Diseases Current Evidence Biological Mechanisms and Challenges for Sustainable Agriculture Sónia Moreira Marques, Regional Coordination and Development Commission of the Centre Region of Portugal, Portugal
06:20-06:40	Title : Understanding the Needs of Recovery Communities Across the United States Logan Collins, Center for Addiction Recovery Support, USA

06:40-07:00 Poster Presentations

Poster Presentation 1	Title : Scaling Neuroimmunology Care Beyond the Hospital: Real-World Implementation of Advanced Infusion Therapies Gabriela Brito & Nigina Mirazimova, Vivo Infusion, USA
Poster Presentation 2	Title : Retrospective Evaluation of Tuebingen Neurointensive Care Patients with Malignant Middle Cerebral Artery Infarction Bogdan Cernat, University Hospital Tuebingen, Germany

DAY 2 - In-Person Presentations

08:30-09:00 **AV Setup** Moderator: Catarina Retroz Marques

Keynote Presentations

09:00-09:30 **Title : Rebuilding From the Inside Out: The Well and the Tree Model for Sustainable Recovery**

Cameron Lundstrom, NAS Recovery Solutions, USA

09:30-10:00 **Title : How Florida Law Can Be Used to Save Families Whose Loved Ones Are Suffering from Substance Use, Mental Illness and Failed Attempts at Recovery**

Mark Astor & Audra Simovitch-Astor, Astor Simovitch Law, USA

10:00-10:30 **Title : Regenerative medicine for Parkinson's disease**

Dr Bankole Johnson DSc., MD., Mphil, USA

10:30-11:00 **Title 1 : ALS Patient Case Series: Improving Functionality with Comprehensive Healthcare**

Title 2 : Multi-pronged Treatment Slowed ALS Progression Compared to Standard of Care

Larisa Syrow, Cooper Neurological Institute, USA

11:00-11:20

Group Photo
Coffee Break

Oral Presentations

11:20-11:40 **Title : Clinical Determinants of rtPA Administration in Ischemic Stroke Patients with Prior Stroke: Impact of Telestroke Evaluation**

Timi Ojo, USC School of Medicine Greenville, USA

11:40-12:00 **Title : Alcohol Consumption and Body Composition in Adults Living with HIV in Panama: A Cross Sectional Analysis**

Alyssa Dellutri, University of Central Florida College of Medicine, USA

12:00-12:20 **Title : Systematic Review of the Effects of Auditory Stimulation and Music as a Therapy for Epilepsy**

Ava Jacob, Jersey Shore University Medical Center, USA

12:20-12:40 **Title : The Changing Spectrum of Neurological Complications in HIV Infection in the Post Antiretroviral Therapy Era A Literature Review**

Mariana Gutiérrez Mojica, Universidad El Bosque, Germany

12:40-01:40

Lunch @ Lobby

Keynote Presentations

01:40-02:10 **Title : Finding the Rhythm Again: Rebalancing Our Brains in an Instant Gratification World**

Barry Reiman, Recovery Unplugged Behavioral Health, USA

FINAL PROGRAM

02:10-02:40	Title : The Crucial Role and Impact of Clinical Parent Coaching in Treating Adolescents and Young Adults Who Are Navigating Substance Use and Co-Occurring Disorders Ben Mushlin, Searchlight Therapy, USA
02:40-03:10	Title : The Ripple Effect A Mothers Perspective on Addiction, Mental Health, and Family Recovery Linda Lundstrom, NAS Recovery Solutions, USA
Oral Presentations	
03:10-03:30	Title : An International Voice For Epilepsy! Ann Marie O'Connor, Motivational Speaker/Author, Canada
03:30-03:50	Title : Beyond the usual suspects A rare cause of stroke Punnya Hosahallidoddi Shankaralingaiah, Rajiv Gandhi University of Health Sciences, India
03:50-04:10	Title : Real World Safety of Lecanemab and Donanemab in Alzheimers Disease A Single Center Retrospective Cohort Study Michelle Wong,Edward Via College of Osteopathic Medicine Louisiana, USA
04:10-04:30	Coffee Break @ Lobby
04:30-04:50	Title : Tai Chi Training Enhances Prefrontal Activity Underlying Sequential Working Memory in Early Parkinson's Disease Guanyu Zhang, China Institute of Sport Science, China
04:50-05:10	Title : Perceiving the Invisible — An Inquiry into the Limits and Construction of Human Perception Catarina Retroz Marques, Universities of Lisbon, Portugal
05:10-05:30	Title : Advancing Neuromuscular Disorder Diagnosis and Adaptive Electroceutical Therapy through Real-Time Electromyography and Hybrid Deep Learning Sidharth Patsamatla, West Shore Jr/Sr High School, USA
05:30-05:50	Title : From Neurotransmitters to Algorithms: Evaluating Operational Parallels Between Dopaminergic and Acetylcholinergic Mechanisms and Biologically Informed Machine Learning Models Kaleb Rodriguez, Middleton High School and University of South Florida, USA
05:50-06:10	Title : To be confirmed Moises Rafael Angeles Sotelo, Clinica Rodriguez, Peru
06:10-06:30	Title : To be confirmed David K Calderwood, HealingALS, USA
06:30-06:50	Title : A Retrospective Study of Encephalocele Management Institutional Experience Sajag Gupta, UPUMS, Saifai Etawah, India

Closing Ceremony

DAY 3 - Virtual Presentations

08:30-09:00 **AV Setup**

Keynote Presentations

09:00-09:40 **Title : The Hero's Journey as a Framework for Cultivating Resilience Among Arts Therapists in Turbulent Times**
Nile Stanley, Associate Professor of Literacy Education, University of North Florida, USA

09:40-10:20 **Title : Neurosphere**
Luiz Moutinho, University of Suffolk, England

10:20-11:00 **Title : Breaking Addiction with Breath: A Transformative Framework**
Kevin P. Connelly, Founder of Reconnect Breath, USA

11:00-12:00 **Title : Better Decision-Making: Building Skills for Judgment, Strategy, and the Human Factor in the Age of AI`**
Stuart Zola, Emeritus Professor of Psychiatry, Emory University, USA

Oral Presentations

12:00-12:20 **Title : Project Proposal on Improving the Implementation of Mental Health and Addiction Interventions in First Level Care Centers in Mexico**
Daniel Pech Puebla, National Commission of Mental Health and Addictions (CONASAMA), Mexico

12:20-12:40 **Title : The True Cause of Macular Degeneration, Alzheimer's Disease, Parkinson's Disease, and Multiple Sclerosis**
Jeremy McMeen, Superior Vision, P.C, USA

12:40-01:00 **Title : Promoting Rapid Cognitive and Speech Development in Autistic-Spectrum-Disorder Child with Original Integrated Megavitamin Protocol**
Maja Roje Novak, Neurologija, Croatia

01:00-01:20 **Title : Hypothesis of the Brain Nervous System Shaping Information to Generate Wu Xiang (Object-Image) Memory Function**
CHEN Caitian, Learning and Memory Foundation and Clinical Branch of Chinese Society of Neuroscience, China

01:20-01:40 **Title : Epigenetic Adaptation to Intelligent Cities: DNA Methylation, Cognitive Function, and Human Response to Rapid Urban Change**
Nouha Bouayed Abdelmoula, Medical University of Sfax, Tunisia

01:40-02:20 **Lunch Break**

02:20-02:40 **Title : Neuroprotective Potential of Minocycline in Acute Ischaemic Stroke: An Updated Systematic Review and Meta-Analysis of Clinical Outcome**
Sheraz Qasim, Ameer-ud-Din Medical College, Lahore, Pakistan

02:40-03:00 **Title :Diffusion Modeling for Characterizing Neuropathology in Psychotic Disorders A Machine Learning Study**
Arjun Raghavendra Puninchittaya, Bedford High School, USA

FINAL PROGRAM

03:00-03:20	Title : Knowledge and Awareness of Stroke Symptoms Among General Population in India Manya sodhi, M.M. College of Medical Sciences and Research Sadopur, India
03:20-03:40	Title : Efficacy and Risks of Noninvasive Vagus Nerve Stimulation in Acute and Chronic Migraine: A Systematic Review Laura Patricia Aybar Morera, Universidad Iberoamericana, Dominican Republic
03:40-04:00	Title : Comprehensive Assessment of Adolescent Mental Well-Being Using the Depression Anxiety Stress Scale-21: A Mixed-Methods Study Integrating Lifestyle Correlates Manjusha Ashlesh Shinde, All India Institute of Medical Sciences Kalyani West Bengal, India
04:00-04:20	Title : In Silico Structural Mapping of Endothelial LRP Cluster Variants Quantifying the Biophysical Mechanisms of Impaired Amyloid Beta Efflux at the Blood Brain Barrier Giriish Purushothaman, Bridgeland High School, USA
04:20-04:40	Title: Undertreated Opioid Use Disorder Presenting as Anxiety and Behavioral Dysregulation in the Medically Hospitalized Patient: Clarifying Diagnosis Through Buprenorphine Titration Andrew C Muranm, Northwell Health, USA
04:40-05:00	Title : The Three-Second NeuroShift™: How Micro-Moments Rewire the Mind Edie Raether, Psychotherapist, USA
05:00-05:20	Title : Artificial Intelligence in Early Detection and Diagnosis of Dementia: Results and Potential Applications of the PreDEM System Laszlo Varga, Netis Informatics Ltd, Hungary
05:20-05:40	Title : Disproportionality Analysis of Movement Disorders Associated with Commonly Prescribed Antibiotics: A Pharmacovigilance Study Rema Hussein Aljedi, Prince Hamza Hospital, Amman, Jordan
